Abstract

<DIV STYLE="text-align:Left;"><DIV><P>This shapefile contains the rivers, ditches, streams, creeks and brooks, etc. throughout Marion County as linework. Those were digitized from USGS quad sheets. In 2008, this dataset was updated with minor changes from the City of Salem Creeks 2007 shapefile. In 2009, the nodes of this dataset were snapped and the arcs, where appropriate, flipped to form a continuous network-like hydrology.</P></DIV></DIV>

Purpose

The intent of this data set was to be used as background for maps.
