vector digital data

###### Other Citation Details

These data are updated daily... Monday through Friday.

### Description

#### Abstract

This dataset includes person and vehicle stops by the Denver Police Department from the Computer Aided Dispatch system for the previous four calendar years and the current year to date. Data without a valid address is excluded from the dataset. This data is updated Monday through Friday. Disclaimer-----The information provided here regarding public safety in Denver are offered as a courtesy by the City and County of Denver. By downloading this data, you acknowledge that you have read and understand the Disclaimer below and agree to be bound by it. All materials contained on this site are distributed and transmitted "as is," without any representation as to completeness or accuracy and without warranty or guarantee of any kind. The City and County of Denver is not responsible for any error or omission on this site or for the use or interpretation of the results of any research conducted here.

#### Purpose

This data layer comprises police pedestrian and vehicle stop calls for service. These calls are generally initiated by the police officer in patrol.

#### Supplemental Information

These data are updated daily... Monday through Friday.
